Objective

To contribute my abilities in motion design, visual effects and film to a creative environment.

Motion Design & Animation

Created a Title Sequence utilizing 2D animation, character design and environment design.

Collaborated on a series of intros for a media arts centre, intended for broadcast, demonstrating abilities in stop-motion, 3D animation and compositing.

Film

Created an experimental live action short film, exploring various techniques such as motion tracking, compositing and animation.

Planned for pre-production; developed stories and concepts, and created storyboards for multiple video projects.

Displayed abilities in production such as direction, photography, and project management for various projects.

Education

Vancouver Film School (VFS), Vancouver, BC
Diploma in Digital Design, Dec 2009

Melies, São Paulo, Brazil
Certificate in Visual Effects & Composition, June 2008

Fundação A. Álvares Penteado (FAAP), São Paulo, Brazil
Bachelor in Graphic Design, Dec 2006

Interests

Keyframes, Learning, Photography, Travelling, Networking, Snowboarding, Collaboration and Design Feeds Voyeurism

Visual Effects

Utilized 3D tracking and matchmoving for a broadcast intro project.

Directed an experimental live action short film, using techniques such as 3D animation, particles, motion tracking, compositing and integration.
